1 YOUR ACCOUNT

- Your account is personal. Do not share the password and do not let anybody else sign in as you.
- Use a password of at least 14 characters. Change it at once if you think somebody else knows it.
- Lock your screen when you leave your desk. On installations, lock the terminal when you leave the room.

2 COMPANY DEVICES AND DATA

- Use company devices for company work. Limited private use is allowed if it does not affect your work or the security of the device.
- Do not install software that IT Services has not approved.
- Keep study, patient and personnel data on approved systems only. Do not send them to private email addresses or store them on private devices.
- Report a lost or stolen device to the Service Desk at once.

3 EMAIL AND MESSAGES

Do not open attachments or links you did not expect. Forward suspicious messages to security@neurostat.com and delete them. The Security Bulletin of October 2028 gives examples.

4 MONITORING

Access to group systems is logged. Logs are used for security, support and to meet legal requirements. They are not used to follow the work of individuals without a reason that Legal has approved.

5 HELP

IT Service Desk: servicedesk@neurostat.com, +41 44 538 17 40, around the clock.
