SECURITY BULLETIN

ALL EMPLOYEES

1 · TITLE		2 · DOCUMENT NO.
Security Bulletin: Phishing and Invoice Fraud		**NS-GRP-SEC-2028-09**
3 · ISSUED	4 · FROM	5 · FOR
09 OCT 2028	Security Operations	All employees

1 WHAT IS HAPPENING

Security Operations has seen an increase in fake invoices and fake requests for payment details sent to Finance and to site management. Some messages use the name of a real supplier or of a manager in the group.

2 HOW TO RECOGNISE THEM

- A change of bank account for a supplier that arrives by email.
- A request from a manager for an urgent payment or for gift cards.
- A sender address that looks right but differs by one letter, or a reply-to address on another domain.
- A link that asks you to sign in to a group system. Group systems never ask for your password by email.

3 WHAT TO DO

1. Do not reply, do not click and do not open attachments.
2. Forward the message to security@neurostat.com and delete it.
3. If you have already clicked or paid, call Security Operations at once: +41 44 538 17 45.
4. Confirm any change of payment details by phoning the supplier on a number you already have.

4 INSTALLATIONS

The same rules apply on installations. Messages that arrive over the satellite link are checked the same way. Contact the Service Desk if you are not sure.
