Transparency Act statement 2027

Kelvara Petrochemicals AS · Adopted by the Board on 28 June 2028

1. The business

Kelvara Petrochemicals AS is a Norwegian oil and gas company headquartered in Stavanger. It operates the Ødemark A installation in the northern North Sea and Ågotnes Væskeanlegg at the supply base at Ågotnes. The company has about 190 employees.

2. Policies and procedures

Kelvara's code of conduct and supplier requirements cover fundamental human rights and decent working conditions. All suppliers must accept the supplier requirements and submit a self-declaration before qualification. Due diligence follows the OECD Guidelines for Multinational Enterprises on Responsible Business Conduct.

3. Risk assessment

We have mapped the supply chain by supplier sector and country. The areas of highest risk are labour hire, cleaning and consumables from outside Europe.

Area	Risk	Measures
Labour hire	Medium	Requirements on pay and working conditions, annual audit
Cleaning and catering	Medium	Contract requirements and spot checks on pay
Consumables	Low to medium	Self-declaration and follow-up of larger suppliers

4. Measures and results in 2027

In 2027 we carried out due diligence assessments of 31 suppliers and audited two of them. We found no breaches of fundamental human rights. We found a deviation in the documentation of working hours at one supplier and followed up with an action plan.

5. Requests for information
