Correspondence with the Office of Clinical Affairs

Doc. NS-CA-BS2-COR-001 · 10 October 2028

Classification: Study confidential

From: Dr. A. Fenn, Office of Clinical Affairs	**Date:** 18 Sep 2028
To: Dr. N. Fossum	**Subject:** BOREAS-2: first enrolment

Dear Nils, thank you for completing site activation. As we discussed, we hope to enrol as many eligible crew members as possible during the first weeks of the rotation. Please send the enrolment log every Friday. Best regards, A. Fenn

From: Dr. N. Fossum	**Date:** 22 Sep 2028
To: Dr. A. Fenn, Office of Clinical Affairs	**Subject:** RE: BOREAS-2: first enrolment

Dear Dr. Fenn, one participant is enrolled and has had the first dispensing. Several crew members have asked questions. Most are hesitant. I do not intend to press anyone. I will send the log on Fridays. Regards, Nils

To: Dr. N. Fossum	**Subject:** RE: RE: BOREAS-2: first enrolment

Understood, and thank you. Please do keep the monthly Baseline assessments going for the whole crew, whether or not they take part in the study. The data are valuable for the programme. We will send a reminder to the installation manager. Regards, A. Fenn

From: Dr. N. Fossum	**Date:** 10 Oct 2028
To: Dr. A. Fenn, Office of Clinical Affairs	**Subject:** Baseline assessments, October

The October assessments are scheduled for the week of 23 October. I will file the reports under the monthly assessments folder as before. One question: can the results be shared with the crew member on request? Regards, Nils
