PROCEDURE

LEGACY SITES PROGRAMME

1 · TITLE		2 · DOCUMENT NO.	
Medical Evacuation Criteria and Transport Confirmation		**NS-CFO-MEV-2028-02**	
3 · APPLIES TO	4 · REVISION	5 · ISSUED	6 · STATUS
Legacy Sites installations	2	14 MAR 2028	Unchanged for winter

1 WHO DECIDES

The installation medic decides whether a crew member needs to be evacuated. The installation manager confirms the transport and informs Clinical Field Operations. This division of roles has not changed for the winter.

2 CRITERIA

CATEGORY	EXAMPLES	TRANSPORT
Immediate	Cardiac event, severe bleeding, loss of consciousness, serious burns	Helicopter, as soon as it can fly
Urgent	Fractures, acute abdominal pain, suspected stroke, eye injury	Helicopter, same day
Planned	Conditions that need hospital treatment but are stable	Next crew change or scheduled run

3 WHAT THE INSTALLATION MANAGER DOES

1. Confirm the transport with the helicopter operator and the shore base.
2. Record the time of the request and of the departure in the transfer log.
3. Inform Clinical Field Operations by phone and send the written report the same day.
4. Tell the family only through the shore contact team.

4 CONTACTS

Shore contact team: +47 51 94 30 00, every hour. Clinical Field Operations: fieldops@neurostat.com.
