1 WHAT TO REPORT

- Every adverse event is recorded in the participant file at the weekly check, whether or not it seems related to the study medication.
- A serious adverse event is reported to the Office of Clinical Affairs within 24 hours: safety@neurostat.com and +41 44 538 17 33.
- A serious event is one that is life-threatening, needs hospital treatment, causes lasting harm or is a congenital problem in a child of a participant.

2 MEDICAL EVACUATION

Decisions about evacuation are medical and are made by the installation medic under the installation procedure. The study office is informed afterwards.
