1 WHY WE HAVE IT

This summary tells you what the group expects from every employee and contractor. The full Code of Conduct is on the intranet. If a rule here conflicts with local law, the law applies.

2 WHAT WE EXPECT

1. Follow the law and the rules of the authorities that regulate our products and studies.
2. Protect patients and study participants. Their safety comes before any schedule or target.
3. Be honest in records and reports. Do not change, backdate or remove a record.
4. Keep company, patient and partner information confidential.
5. Avoid conflicts of interest and tell your manager about any that you cannot avoid.
6. Do not give or accept gifts or hospitality that could influence a decision.
7. Treat colleagues, contractors and visitors with respect. Harassment and discrimination are not accepted.

3 SPEAKING UP

Report concerns to your manager, to HR Services or to Legal. You can also use the independent reporting channel, anonymously if you wish. Nobody is disadvantaged for a report made in good faith. The channel is described on the intranet.

4 TRAINING

All employees complete the Code of Conduct course in their first month and once a year after that.
